## THE PEOPLE VS. THE CITY.

It is perhaps just as well that weather conditions prevented the Cleaning-up Day celebration that was to have taken place this afternoon. From all reports, residents worked with a will to have their premises in spink and span shape, yards, sidewalks and alleys have been put in neat condition, and everywhere the people have, it would seem, striven to do their part.

But the celebration would have been the height of incongruity, when not one paved street in the entire city has been cleaned for the occasion, and while the city hall square remains in its present unsightly state.

It is to be hoped that these conditions will have been remedied when the celebration does take place.

## SAFEGUARDING A NEW EPOCH.

It is not every man who can read the signs of the times. Some of us are blind and some have hallucinations. But one thing is plain even to the blindest. The past few years in the United States have closed one epoch and have begun a new. They have been years of storm and stress. Even more than we have been aware, democracy itself has been on trial. The country has faced a fundamental issue. Are laws to be obeyed, or are they to be evaded?

We are by no means saints as yet, says the World Today for April, but we have begun to learn the meaning of the word law. Our courts are not all they should be, but they are more respected than they were ten years ago. Our congressmen are too friendly with lobbyists, but they are more susceptible to public opinion. Business men, maybe, are no more honest than they were once, but they are less inclined to play upon the brink of dishonesty. This new epoch is not the work of any one man. It is a new phase of the development of democracy, to be seen in national, municipal and in state government, as well as in every walk of life.

It is no wonder that men who have played fast and loose with the law should think themselves aggrieved. A man with privileges that he has

come to believe are vested rights, dislikes to be told that he must bow to a higher law than that which his attorney formulates. Nobody likes to be less important than he has been. But it would be worse than idle to attempt to bring back the past. It would be sheer foolishness.

Unless we utterly mistake the temper of the country at large, we have reached a very simple alternative: Are the American people strong enough to regulate the administration of great corporations, or are we to have fastened upon us an oligarchy from which there is no release except through revolution? And there is no question that the country chooses the first alternative.

## IF THE HORSES COULD VOTE.

Says George T. Angell, in "Our Dumb Animals," referring to Secretary Taft:

First: If our clients, the horses, could vote, we don't believe they would vote for a man said to weigh over 300 pounds who rides horse-back. They would think an elephant more suitable for such a weight. In this connection we remember how he telegraphed to our government from the Philippine Islands what a fine time he had riding up one of the mountains there, to which Secretary Root telegraphed back: "How about the horse?"

Second: We don't believe they would vote for a man who wants to have the Philippine Islands fortified at an enormous expense and thousands of soldiers and sailors sustained there to keep in subjection a people who are anxious to be free.

Third: We don't think they would vote for a man, who, in anticipation of war, would require all the school boys of America to be taught to use army rifles, so that when they are drafted into our armies they will be better able to kill the people whom our politicians at Washington order them to kill.

Fourth: We don't believe they would vote for any man who wants to go into a mad race with other nations in the building of great battle-ships, or who will not strive to do everything in his power to promote "peace on earth and kindness, justice and mercy to every living creature," including horses, so many hundreds of thousands of which have been compelled in wars to die on battlefields or on long marches of slow starvation.

## ADVERTISE AND FERTILIZE.

The business man who doesn't believe in advertising belongs to the same category with the farmer who doesn't believe in fertilizing the soil. The husbandman can gather several successive but constantly diminishing crops from the same piece of ground without restoring to it the life-giving elements of which he robs it. But there comes a time when, completely exhausted, the land refuses to respond to agricultural entreaty.

The business deprived of the stimulating influence of publicity furnishes an apt parallel—gradual failure, ending in complete paralysis of its functions. Advertising, like fertilizer, is mighty cheap in proportion to the money value of the growth it promotes.

## "Dream City" is Coming.

J. E. Cosgriff, advance agent for "Dream City" Theatrical company, is in the city arranging for the production of the play, which will be presented at the Sedalia theater next Sunday night. He is stopping at Walsh Bros. cafe.

## Will Visit in Sedalia.

Martin Lyons, a popular young attorney connected with the legal department of the Missouri Pacific, with headquarters at St. Louis, will arrive here the early part of next week for a visit with Miss Rose Whitlow, the vocalist.

A light heart and healthy stomach makes rosy cheeks and a cheerful soul. Bread made of the "Pride of Perry" flour produces these results.

## An Apt Answer.

"Civil service examinations," says a government official, "are not infrequently the source of no little amusement."

"Some years ago there was an examination of candidates in New York for the position of park grass cutter. To this question: 'What are the ethical contents of a room 15 feet long, ten feet wide and eight feet high?' one applicant returned the answer: 'One bedstead, a bureau and a washstand. If such a room was a kitchen or a parlor, it would be larger and contain more articles.'"—Illustrated Sunday Magazine.

## Not That Brand.

"Are you studying Esperanto, Mr. Idiot?" asked the linguist.  
"I am not," said the idiot. "I can talk too much in English if I want to."  
"It is a very fine language," said the linguist—"condensed, concise and easily acquired."  
"No doubt," said the idiot. "But I don't care for potted tongue."—The Catholic Mirror.

## CITY "DRY," MAYOR QUILTS

Executive Will Resign, as Threatened Before Election.

Mattoon, Ill., April 10.—In accordance with a statement made three months ago, Mayor Lewis Lehman will resign from office April 29 because Mattoon went dry Tuesday.

Mayor Lehman is president of the First National bank here, and is one of the wealthiest citizens in the county.

He is temperate, but says that as mayor he cannot consistently head the city government because the loss of \$19,000 derived from nineteen saloons each year will cripple the city finances beyond relief.

Mattoon is taxed almost to the limit now and has voted to purchase a waterworks system costing \$185,000. Mayor Lehman counted on the license money to meet this debt. He received on the republican ticket more majority votes last spring than the total for his opponent.

Mayor Lehman has been in the state senate twice and is now a member of the University of Illinois board of trustees, being a member of the finance committee.

# TOURNAMENT AT TENNIS

PLAYERS FROM TEXAS CITIES  
AND MEXICO ARE TO  
CONTEST.

## CITY OF MEXICO IS MEETING PLACE

Permanent Trophies Will Be Given for the Winners of the Championship, Both Singles and Doubles.

City of Mexico, April 10.—Tennis players from several Mexican cities and from Texas will compete tomorrow in the opening game of the first open tournament for the championship of Mexico.

This will be the first open tennis tournament ever held in this republic, and it will doubtless attract a great deal of attention. A ball and other social affairs will be given in honor of the visiting players during their stay here.

The tournament will last just eight days. The first games will be played tomorrow and the finals will be played Saturday, April 18. There will be events every day of the week.

The principal players who will defend the honor of Mexico will be H. M. and P. D. McQuiston and Claude Butlin, who held the doubles and single championships of Texas; S. J. Patton, of the Reform club; Bassell Jenkins, of Pachuca; Bush, of the Reforma club; McQuiston brothers, Butlin and Bush, and Goodman and Patton will defend the doubles, while Patton, Butlin, Jenkins and the McQuiston brothers will defend the singles.

Permanent trophies will be given for the winners of the championship singles and doubles, and in addition there will be a number of prizes offered by the different firms of the city.

## PACKAGE OF \$800 MISSING

The Safe in the Pacific Express Office Was Robbed.

Plano, Texas, April 10.—It has just leaked out that the safe of the Pacific Express company, located in the Cotton Belt depot here, was robbed of a package of currency amounting to \$800.

The agent here received the package of money at 4:25 p. m. Monday, too late to make a delivery to the bank. The package was from the United States treasury department at Washington, consigned to the Farmers and Merchants' National bank of Plano.

After receipt of the package, the agent placed it in the company's safe and left the office at 5:30 p. m. to go to supper, returning from supper about 6:30 p. m. After closing the day's business the safe was closed with the night lock on until the next morning, when it was discovered the package was not in the safe, where it was placed the evening before.

The Pacific Express company officials are here investigating the robbery, but so far have not found any clew.

## MADE LIVING FROM FEATHERS.

Maine Widow Evidently Endowed with Good Business Instinct.

A clergyman's widow up in Maine has supported herself and three children, sending two boys to college, by converting feather beds into pillows.

Hunger and pride drove her to doing something, her great need arising about the time the spring and mattress superseded the classic feather bed. Maine, it appears, is, or was, full of feather beds, the possession of a number of them having once gauged a family's social standing. And every fluffy particle in those fat ticks was plucked by hand from the breast of a living goose, then washed in ammonia and soapuds and dried in the sunshine in muslin bags fluttering in the wind.

This woman has bought as many as 12 of these fine pre-revolutionary beds in one house, paying one dollar a pound, having, of course, first tested them. The beds weigh from 10 to 15 pounds. She sells the pillows for five dollars a pair, and has proved herself a very live business woman by making from \$40 to \$50 a week at times.

## OLD ROMAN WALL DISFIGURED.

Relic of Antiquity Sacrificed to Comfort of Suburbanites.

A correspondent in Rome has taken the first opportunity of looking into, or rather through, the breach made under municipal authority in the Aurelian wall. It has been made quite frankly and candidly for the sake of the new Roman suburbs. See what it is to set up suburbs to a walled city! Rome is only partially walled, of course, but this piece of rather late antiquity—but still antiquity—the great brown range of brick, was, for a great space of the Flavian Hill, complete. The three gates piercing it were sufficient for the carts on their

way to and from the outer world of the Campagna. And one might have thought that the few hundred yards that the suburbanites had to walk or drive in order to get in at one of those historic gates were not too great a tax to pay to history and archeology. But it was deemed too great, and the wall is broken, not by a new gate, but by a mere cutting, which disfigures as well as destroys.

## Two Conversions; Three Additions.

The meeting which began at the First Baptist church last Wednesday evening, and just in a prayer meeting, continues with increasing interest. Last night there were two conversions and three additions to the church. Tonight the service will begin promptly at 8 o'clock. After the meeting the young people will hold their lemon social.

## AMUSEMENTS

### Sedalia Theater.

At the Sedalia theater last night the Myrtle-Harder Stock Co. presented "The Little Mother." The play was a most pleasing one and was greeted by the largest house of the week. Latimore and Leigh, those mysterious fellows, still continue to keep people guessing. Without a doubt they are two as clever people in their line of work as has ever been seen on the American stage. Tonight the company presents the late up to date success, "The Lion and the Lamb." This company uses the greatest care in presenting their bills and as they carry a number of electrical effects and special scenery, makes their performances equal to many of the higher priced attractions. Tonight the famous packing case act will be the special feature. On Saturday there will be the usual matinee at 2:30, at which time canary birds will be given away and on Saturday night after the performance a piano furnished by the Jesse French piano company will be given to the holder of the lucky number. The company remains over Sunday and will give two performances, matinee and night. This will probably be the last opportunity Sedalians will have to witness popular priced attractions in the winter theatrical season at the Sedalia theater.

### At Wood's Opera House.

"The Three Hats," produced by the Dorothy Stock Co. at Wood's opera house Thursday night, is aptly named for the adventures and experiences gone through by three hats in a comical that the good sized audience was kept laughing all through the entire play. It was announced from the stage that Mr. Arthur Payne will put on a musical act Friday night with his new musical instrument, the Xylophone rattlers. This will be Arthur's first appearance in a theater in connection with the regular play and should prove very entertaining.

Beginning tonight, the prices at Wood's opera house will be reduced as follows. All matinees, 10 cents, any seat in the house; night prices, entire lower floor reserved at 20c; balance of the house, balcony and gallery, 10c. This is done on account of next week being the Dorothy Stock company's last week at Wood's opera house.

### How She Kept Young.

Some one once asked a woman how it was she kept her youth so wonderfully. Her hair was snowy white, she was 80 years old and her energy was waning, but she never impressed one with the idea of age, for her heart was still young in sympathy and interests.

And this was her answer: "I knew how to forget disagreeable things. I tried to master the art of saying pleasant things. I did not expect too much of my friends. I kept my nerves well in hand, and did not allow them to bore other people. I tried to find any work that came to hand congenial."—Woman.

### Bad Air "Breath of Death."

"Foul air from improper ventilation is the breath of death in any great city. While poor food is causing one death improper ventilation is reaping a harvest of 1,000 lives. Nor is this rare confined to the slums."

In these words W. A. Evans of Chicago, commissioner of health, expressed his belief that the atmosphere of many houses is charged with a more deadly poison than impure food.

"In strict figures consumption and pneumonia have the greatest death rates in our city. In almost every case of these diseases the primary cause is the breathing of foul air," he said.

## OPEN BASEBALL SEASON

Pennsylvania State College vs. Carnegie Technical School.

State College, Pa., April 10.—Pennsylvania State college will open its baseball season here tomorrow, playing the nine of the Carnegie Technical school.

State college has had for years one of the best baseball teams in the college world, and this season will be no exception. As usual, the most important game on the schedule is that with Cornell. In the last two years these two teams have played the greatest games in the history of college baseball.

In 1906 the game went seventeen innings and in 1907 it lasted sixteen innings. State college was the winner in both games. Other contests have been arranged with the University of Virginia, Carlisle Indians, Syracuse university and minor colleges.

## CITY "HOUSE CLEANING"

(Continued from Page 1.)

summed up in a circular issued by the school department and this creed of applied civics may well be followed by any city in the country which is planning for a civic house cleaning.

We need to do the work, not so much for the city's sake as for the children's sake; to remedy a serious defect in our present scheme of education—an education in which the state is giving much and receiving little. We must educate the children in giving to the state by affording them opportunities for civic service. There needs to be less teaching about civics, and more teaching of children through applied civics.

## MRS. VANDERBILT WILL WIN

The Defendant's Lawyer Says a Decree Will Be Granted.

New York, April 10.—Mrs. Alfred Gwynne Vanderbilt will obtain a divorce. That statement was made on the authority of a man who has been looking after the interests of the defendant.

As far as David McClure, the referee, is concerned, the case is closed, with the exception of his report to Justice O'Gorman.

While Mr. McClure alone knows when he will make his report, it is understood that Justice O'Gorman can make the decree public next Monday.

Only two points are in doubt. They are the right of the defendant to have the child a part of the time and the exact sum Vanderbilt will turn over to his wife.

It was said by Vanderbilt's representative that he had insisted on seeing the child when and where he pleased and would not agree to an equal division of the time.

He refused to even consider the right of the mother to keep the child without his right to direct its education and care.

How the disputed point was settled no one seems to know with any degree of certainty.

## DROVE HIM OUT OF DAYTON

Head of National Cash Register Co. Says Newspaper Persecuted Him.

New York, April 10.—John H. Patterson, head of the National Cash Register company, the biggest concern of its kind in the world, has left Dayton, Ohio, where his factory and home are situated, and taken up his residence in New York. He came here to escape a remarkable persecution at the hands of persons who, he says, had reason to wish him out of Dayton.

"I have been subjected to persecution that seems almost incredible," said Patterson. "I have been harassed and annoyed till I scarcely knew what to do. The whole trouble was started, I believe, by the attacks of a Dayton newspaper. Its articles were so violent and malicious that I feared an attack would be made on my life. I was called up on the telephone frequently and told to be careful, as my life was in danger."

"So critical did I deem the situation that I had the grounds about my place lighted with electricity and a corps of detectives were constantly on guard. I don't attribute the trouble to the labor union. Our pay roll in Dayton amounts to \$72,000 a week and the plant is worth, I suppose, \$3,000,000. It is impossible for me to do business in Dayton, however, and I shall probably move the general offices to New York."

## THE SALOONS WON BY 229

Error in Vote in Precinct Turns Victory of "Drys" into Defeat.

Lincoln, Neb., April 10.—An error in precinct A of the Second ward yesterday gave the prohibitionists a majority of 87 in the special election on the face of the returns.

The members of the election board appeared at the meeting of the excise board and declared that the 214 votes were really cast against prohibition and that the city was wet by 229 votes.

Attorneys advised that the election be contested and the United States Civil league officials admitted that the saloons won by 229 votes and will not attempt to take advantage of the error.

# READ And Consider Well Before Placing Yourself Under the Care of Unskilled Physicians.

I am still treating and curing Chronic Diseases. I treat more patients daily, and have more cures to my credit, than any other Specialist in the West. I guarantee all cases I take under treatment—I do just what I agree to do. My reconstructive and tissue building remedies, that I have given and advertised for the last ten years, have given universal satisfaction—so much so that there are other so called specialists who advertise that they are using the same remedies. I give Galvanic, Faradic and Static Electricity; I also give the Xray treatment when necessary. I also have the Di-agnostic Case lighted with electric lamps, so I am able to make a thorough examination of all internal diseases. I use cellular vibration in all cases where it is indicated. I have the Inhalatorium Cabinet for the treatment of all Throat and Lung Trouble, Catarrh, Asthma, Bronchitis and Consumption in its first and second stages. It is the latest and most scientific apparatus known to the medical profession for curing the above diseases.

I give medicated baths for Rheumatism, Blood Poison and Skin Diseases. I get fully as good results in this treatment as can be had at any hot springs. My treatment for diseases of women is the latest and most improved now known to the medical profession. My treatment for weak and broken down men never fails to cure where my directions are followed, and will bring them back to their natural and normal condition. I cure Varicocele and Varicose Veins without an operation or loss of time. I treat and cure diseases of the Heart, Stomach, Liver, Kidneys, Bladder, Hemorrhoids and Fistula. My success in treating the above diseases has been phenomenal.

I CURE AFTER OTHERS FAIL—I LEAD, OTHERS FOLLOW.

mittee asking for a appropriation of  
\$10,000 for Mrs. Mary Doyle, of Okla-  
homa, whose husband was killed in  
an accident while he was employed  
in the war department.

Doyle was a coal hauler and died  
from a mule's kick.

## Thumb Bells.

The thimble was originally called a  
thumb bell by the English, because  
worn on the thumb, then a thimble,  
and finally its present name. It was a  
Dutch invention and was first glass  
and pearl. In China beautiful carved  
pearl thimbles are seen, brought to  
England in 1693.

Thimbles were formerly made only  
of iron and brass, but in comparative-  
ly late years they have been made of  
gold, silver, steel, horn, ivory and even  
glass and pearl thimbles are seen,  
bound with gold and with the end of  
gold.

The first thimble introduced into  
Siam was a bridal gift from the king  
to the queen; it is shaped like a lotus  
bud, made of gold and thickly studded  
with diamonds arranged to spell the  
queen's name.—Church Eclectic.

## Made to Feel Young.

"Last week I celebrated my twenty-  
sixth birthday," announced the bach-  
elor girl. "It made me feel suddenly  
very old, and I was very, very blue.  
That night, to cheer me up, my chum  
took me to the theater. We were  
having the most beautiful time, when  
a gray-haired lady in the row behind  
leaned forward and said to me, 'Little  
girl, does your mother know you are  
here?' That settled it. If I was 26, at  
least I didn't look it. I went home  
much cheered and decided that I  
wouldn't have to take to knitting work  
and an ear trumpet this year at least."

## ACTRESS 'RECONSIDERS'

MISS JULIA MARLOWE NOT TO  
CANCEL ANY FURTHER  
ENGAGEMENTS.

## IS MIXED UP IN A DIVORCE SUIT

Her Friends Do Not Credit the Story,  
but Actress Refuses to Discuss  
the Pending Litigation at  
the Present Time.

Binghamton, N. Y., April 10.—Julia  
Marlowe, who Wednesday evening  
canceled her engagement in Ithaca  
and gave orders for the cancellation  
of her dates in Binghamton last  
night and in Wilkesbarre and Scrant-  
on later in the week, has been  
brought to her senses by her New  
York managers, and it is announced  
that she will play and no more of her  
dates will be cut out.

Miss Marlowe and private car was  
discovered in the railroad yards here  
yesterday, and reporters at once  
stormed the citadel of the actress,  
who Wednesday came so prominently  
before the public eye. Miss Marlowe  
would see no one, but her representa-  
tive announced that her manager  
would arrive here during the after-  
noon and that after a conference with  
him a statement regarding the Von  
Herrmann divorce case would be given  
out.

The allegations in the bill in which  
Karl Stephen Von Herrmann, at one  
time a press agent for Miss Marlowe,  
is defendant, are rather vague and an  
aroma of mystery appears to per-  
vade the whole action in which Mrs.  
Maud Thorburn Backus, of Brooklyn,  
is also named.

Miss Marlowe refused absolutely to  
discuss the suit and Mrs. Backus, who  
is the wife of Forest T. Backus, of  
Lincoln Road, decided that she had ever  
heard of any of the parties to the  
action except Miss Marlowe, whom  
she had merely heard on the stage.

The offenses enumerated in the  
charges are alleged to have taken  
place in several cities between the  
autumn of 1903 and the spring of  
1904.

Mrs. Von Herrmann entered a suit  
for divorce against her husband, nam-  
ing Miss Marlowe once before, in  
1903, but withdrew it.

## THINKS SOLOMON WAS RIGHT.

"Billy Sanders" Also Believes That  
Boys Need the Rod.

"That never was a boy born into  
the world that don't have to have the  
hickory put to him more than once,  
an' the oftener the better," said Mr.  
Billy Sanders. "You may think my  
talk is harsh, but the more I love a  
boy, the more I want to see him come  
under some strong an' heavy hand,  
because I know it's his only salvation.  
You may look back on all the young-  
sters you've know'd, an' you'll find  
that we ain't got any more wisdom  
than Solomon, ef as much. He tore  
the bottom out of the basket in a  
mighty few words. 'Spar' the rod an'  
spile the child.' Ef he'd 'a' never  
said nothin' else, them seven words  
would 'a' made him the wisest man  
the world ever seed. No newspaper  
paraphraser has ever beat it yit. Ef  
brevity is the sole of whitewater, your  
Uncle Solomon has got it mighty fine;  
ef he ain't, you may call me Mabel,  
an' print in the paper that I've done  
gone an' eloped wit' a college fiddler  
named Clarence Raymond." — Joel  
Chandler Harris, in Uncle Remus'  
Magazine.

## VINDICATE MISS MARLOWE

Shuberts to Bring Criminal Action  
Against Accusers, It Is Said.

New York, April 10.—In order that  
Julia Marlowe may resume the theat-  
rical tour she interrupted when she  
heard that she had been named in the  
Von Herrmann divorce suit, her man-  
agers, the Shuberts, have agreed to  
bring a criminal action in her name  
to vindicate her reputation.

Upon this promise Miss Marlowe  
consented to play her engagement in  
the Stone opera house in Bingham-  
ton last night, and she will continue  
her itinerary through Pennsylvania  
and New Jersey as laid out before she  
collapsed on hearing the charges  
against her.

From the west simultaneously  
comes a story which indicates that

Miss Marlowe and Von Herrmann  
and Mrs. Von Herrmann were on  
friendly terms in the days when the  
actress says Von Herrmann was her  
press agent. It is said that when he  
came east from the California metrop-  
olis he left behind in his rooms many  
pictures of himself and the actress  
taken together when they were  
abroad. Also his wife wore a hand-  
some gold locket which had been given  
to her, she said, by Miss Marlowe.

## MOBERLY SLAYER FREED

Governor Folk Grants Freedom to Theodore Sparkman.

Jefferson City, April 10.—Governor Folk has pardoned Theodore Sparkman, who killed John Carmody in the Wabash railroad yards at Moberly about nine years ago. Both were engineers on the Wabash.

There were no witnesses to the fight in which Carmody lost his life. He was stabbed by Sparkman, who has always claimed that Carmody was attacking him with a hammer.

Sparkman entered a plea of guilty to murder in the second degree and was sentenced to thirty years in the penitentiary. He has been in the prison since January 9, 1900.

He was a man of unquestionably good character, aside from the tragedy, and many efforts have been made to secure clemency for him, but until this time they have been opposed by Capt. Pat Carmody, of St. Louis, a brother of the man who was killed. Judge Nat M. Shelton, who tried the case, urgently recommended the pardon, on the ground that the ends of justice have been fully attained in the years that Sparkman has spent in the prison.

## RUMBLINGS OF THE RAIL

BELIEVED HARRIMAN INTERESTS NOW CONTROL THE "ERIE" ROAD.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Following the action of E. H. Harriman in providing \$5,500,000 for the payment of maturing notes, it was said yesterday in Wall street that the Erie railroad will shortly pass under the control of Mr. Harriman and his associates, who stand ready to spend, under certain conditions, from \$30,000,000 to \$40,000,000 for improvements in terminals, tunnels, rackage and rolling stock.

If these plans are completed, Mr. Harriman's long cherished plan of a perfectly equipped train service on a transcontinental road, with the Erie as an outlet, will be realized.

In addition to furnishing money to take care of maturing notes, Mr. Harriman, it was stated, will himself take \$5,000,000 of the new 6 per cent issue so as to provide the company with funds to meet immediate needs.

### The Katy Elects Officers.

### Brakeman Badly Mangled.

At 12:15 this afternoon, S. N. DeCora, a brakeman on the North Texas division of the Katy, while alighting from his train No. 403 at Pottsboro, got his foot caught in some manner and was dragged a distance of fifty yards, says yesterday's Denison Herald. His right leg was broken, his right heel cut off and other bruises received, and he is in a serious condition.

The injured man was carried to the depot at Pottsboro and given attention, and will be sent to the hospital as soon as possible. The train was in charge of W. Frame, conductor, and J. E. Hollis, engineer, on engine No. 607.

### Important Railroad Meeting.

## KANSAS CITY THEATERS

JUDGE WALLACE SAYS THERE IS NO EVIDENCE FOR CONVICTION.

GRAND JURY BUSY FOR SIX MONTHS

More Than 2,000 Indictments Returned—\$400,000 in Bonds Exact—Dismissal Is Refused by Judge Wallace.

Kansas City, Mo., April 10.—One of the most stupendous hoaxes ever played in criminal courts was confessed to yesterday by Judge W. H. Wallace.

After having kept a grand jury at work for six months, arresting over 2,000 actors and exacting bonds for over \$400,000, Judge Wallace yesterday, in refusing to grant changes of venue, said:

"What is the use of sending those cases over. We have no evidence to convict them. They amount to nothing."

"Your honor does not mean that, does he?" one of the attorneys present exclaimed. Judge Wallace repeated the statement.

Last night Frank M. Lowe, one of the attorneys for the theaters, went to Jefferson City to apply to the supreme court for a writ of mandamus to compel Judge Wallace to transfer all the theater cases to Judge Edward E. Porterfield's division of the criminal court at once.

In interpreting his statement Judge Wallace stated that the evidence upon which theatrical indictments were returned was gathered by deputy marshals who submitted programs of the various playhouses to the grand jury which returned the indictments from this evidence. The state has no witnesses to prosecute the cases.

"I will not dismiss the cases, however," said Judge Wallace, "until the indicted people are produced in court. Should they fail to appear their bonds will be forfeited."

Judge Wallace's new contention will probably result in another legal tangle for the supreme court to pass upon.

## CUT RATES TO CONVENTIONS

One and a Half Fare to Big Gatherings Recommended.

Chicago, April 10.—The Central Passenger association yesterday recommended to the executive officials of eastern railroads that a rate of a fare and a half be made during the summer months to all conventions where the attendance will exceed 500 persons.

Several roads which have opposed the reduction favored the recommendation, which was in the form of a resolution, and a special session of the association will be called next week at which final action will be taken.

#### DANVILLE OFFICER IS SHOT

City Council Offers Reward for Arrest of Two Burglars.

Danville, Ill., April 10.—While attempting to arrest one of two burglars whom he and his partner officer, George Johnson, had discovered attempting to effect an entrance into the Ellsworth saloon in the rear of the Plaza hotel, Officer August Lind was dangerously wounded yesterday morning.

Johnson ran to the police station, breathlessly telling the officers there that Lind had been shot. Before they could leave the station Lind staggered in and fell fainting to the floor.

The burglars escaped, leaving no clue as to their identity. Lind being unable to describe them. Johnson likewise was unable to give any definite description.

Lind was removed to the hospital, where an examination showed that the bullet had passed through his

body, grazing one of the lower intestines, lacerating part of the liver and breaking the right hip bone.

The city council last afternoon offered a reward of \$500 for the arrest of the man who did the shooting.

Syracuse, Kan., April 10.—Despondency, induced by the failure of her husband to meet her in Syracuse, prompted Mrs. Susie Ray, wife of J. A. Ray, formerly proprietor of the Iron Springs hotel, Manitou, Col., to take her life with strychnine yesterday.

Ray lives on a claim thirty miles south of here, and failed to receive a telegram announcing the hour of his wife's arrival. Mrs. Ray had been an inmate of a hospital for several months. She left letters to her husband and landlady, asking that her brother in Wichita be notified.

#### MEN WED THEIR VICTIMS

WHITE SLAVE GANG USED NEFARIOUS METHODS TO EN TRAP GIRLS.

#### CONVICT TELLS A HORRIBLE STORY

Received Ten to Fifteen Dollars From Resort Keepers in the Lakeside City for Each Woman He Secured.

Chicago, April 10.—Startling developments in the white slave trade were brought to the attention of Inspector John Wheeler at the Harrison street station yesterday, when a confession was secured from Harry Balding, now undergoing a sentence in the house of correction.

Bigamy as an aid to the nefarious trade was charged and the police are in possession of the names of three procurers who first married their victims. One man is alleged to have wed six girls, whom he afterwards forced into houses of ill repute.

Resort keepers paid these men \$10 to \$15 each for the girls thus lured into their dens. Assistant State's Attorney Roe was placed in possession of the evidence, and this, in addition to other facts in his possession, will be made the basis of prosecutions for bigamy, to be instituted at once.

"Chicago Jack" Daily was implicated in the statement of Balding. The Bridewell prisoner charged that the former prize fighter, now also a prisoner, married two girls at Hammond, Ind.

One of these girls was known as Hazel Daily. She was under age and good looking. In company with a man named Stephens and William McNamara, Daily is said to have gone to the Indiana town and married the girl. The price he received for his matrimonial venture is placed at \$10.

Many names figure in the remarkable narrative of Balding. Country towns and nearby cities were the recruiting points for the men. Among the girl victims of the bigamous marriage system was Alta Porter, who was rescued from a hotel in State street by detectives.

The Porter girl was ready to go to Indiana Harbor to be married when she was found by the detectives. She was returned to her parents. Two girls named Meiser and Kastorf were not so fortunate. Both were married. The Meiser girl refused absolutely to accede to the demands of her husband, and she was returned to her parents' home in Elgin, after two days of matrimonial experience.

The "Ohio club" is said to have secured the greater number of the married victims, although Mona Marshall, whose arrest proved the undoing of Convict Balding, was sent to a flat in Wabash avenue.

Balding admits that he made a practice of luring girls into resorts for more than a year. He said that the recruiting places were the cheap amusement places and downtown stores. Frequently trips were made to Elgin.

Different schemes were utilized to attract the girls. Positions in theatrical companies, work at lines which caught their fancy, and offers of honorable marriage were all used.

Inside workings of the system were revealed by Balding. The marriage idea was evolved from the law that a married woman can not testify against her husband. In this way the fellow who placed a woman in a resort thought he could not be prosecuted on her testimony.

Edith McLindsay, a daughter of one of the best families in Elgin, is now a prisoner in the house of the Good Shepherd, while her supposed husband is plying his avocation of enticing other girls to a like fate on the south side.

Assistant State's Attorney Roe is searching for one of the wives of Daily. It developed today that the prosecutor had made one futile trip to Indianapolis to find the girl. Captain Stephen Wood, the new commander of the Tenderloin station in Twenty-second street, declared that he was amazed at the extent of the bigamous marriage system.

UNITED STATES COURT HEARS PLEA OF GUILTY TO THE CHARGE.

#### IT SCOOPED IN MANY THOUSANDS

Has Branch Offices in All of the Cities of the Country, But Main "Layout" Was in Covington, Kentucky.

Cincinnati, Ohio, April 19.—The Kentucky lottery, pleading guilty to the indictment charging violation of the United States laws, Thursday, in the United States court at Covington, Ky., was fined \$25,700 and agreed to go out of business forever.

The fines were assessed against the promoters as follows: Maurice Richmond, \$10,000; J. R. Jamieson, \$5,000; Charles E. Wells, \$5,000; Laine Long, \$5,000; H. W. Armstrong, \$250; Louis E. Gatto, \$250; James Starr, \$200.

The lottery company must also pay the court costs, amounting to \$1,800.

Maurice Richmond, of Covington, was the reputed head of the lottery, which had branches in all the principal cities of the country. It is charged that the lottery tickets were printed in the shop of J. R. Jamieson, in Covington, who was fined \$5,000. The other men were the agents for the company. They were indicted for violating the interstate commerce law, which prohibits the traffic in lottery tickets between states.

The fight on the lottery, which resulted so successfully for the government, was many months in preparation. To make a good case, evidence had to be gotten in many cities in the country, and to that end numerous raids on lottery agencies were made.

The express companies, through which lottery tickets were shipped, produced their books, giving evidence of lottery shipments.

#### TELLS A STRANGE STORY

A MAN STAYS IN PRISON IN ORDER TO PROTECT TWO MARRIED WOMEN.

#### DECLARED GUILTY; LIFE SEALED

Could Have Proved an Alibi by Compromising Wives of His Friends, But He Took the Prison Instead.

St. Louis, Mo., April 10.—The Southern Illinois penitentiary at Chester holds a man who at the cost of his life is shielding the happiness of two married women at Granite City.

Two years ago "The Pike" saloon at Granite City was robbed by two men, who walked in, leveled revolvers at the proprietor, group of patrons, and went through them neatly and systematically.

The men wore overcoats and had black handkerchiefs over their faces. They got \$113. Suspicion was directed to James Crunk and Charles Heisenstein, two former patrolmen of Granite City. A long overcoat and a black handkerchief similar to those the men wore were found in the Heisenstein home.

Both Heisenstein and Crunk were married at that time, but had separated from their wives. They were tried in the circuit court at Edwardsville, convicted and sent to the penitentiary at Chester.

Now an application has been made for the pardon of Crunk. He is in an advanced stage of consumption, and to Sheriff David Jones he said:

"I have not long to live and it does not make any particular difference one way or the other. There is no reason for me to be untruthful, as you can see. I am innocent of the charge of which I was convicted, but this is not the first time that an innocent party has suffered."

Sheriff Jones has learned that there is good reason to believe that Crunk not only was innocent of the charge of holding up the saloon, but that he was not even near the saloon when it was robbed.

On the evening of the robbery Crunk and two married women of Granite were out driving. The trip was taken without the knowledge of their husbands and when Crunk was arrested later he was in a dilemma.

He could not prove an alibi, because they were the only people he was with, and could not reveal the carriage ride without compromising the two women and causing consternation. So he kept silent. He pleaded not guilty, but did not attempt to defend himself. He went to the penitentiary with his lips still sealed.

He has intimated that he will die there before he will attempt to gain his freedom at the expense of the happiness of the women, who still live in Granite City and the tranquility of whose domestic lives is unbroken.

His friends, however, are preparing to bring this most unusual instance of self-immolation to the attention of Governor Charles S. Deneen and the board of pardons. A petition has been prepared and will be submitted to the next session of the board in Springfield.

#### FRANCIS BOOMED TO LEAD

Former Governor Mentioned as Campaign Manager.

Washington, April 10.—The name of former Governor David R. Francis, of St. Louis, is being used by leading democratic congressmen in connection with the chairmanship of the National committee.

With William J. Bryan the nominee, it is argued here, no better selection could be made for a campaign manager. As the time approaches for the actual opening of hostilities between the parties, republican embarrasments are increasing, so that democratic politicians are convinced they have an excellent chance to win. Making the most of this chance, it is contended, will depend upon the campaign manager.

The talk for Mr. Francis contains the central argument that a national campaign, being not unlike any other great enterprise requiring method and organization, the democrats ought to select a man used to handling big affairs and schooled in the business world. It is said Governor Francis is the one available man of this type.

The personal relations between Mr. Bryan and Governor Francis are ex-

## UNDER QUAKER CITY MOTOR CLUB

The Car Running Nearest to the Sealed Time Will Win the Hotel Cape May Cup, a \$500 Silver Trophy.

Philadelphia, April 10.—Motorists of Philadelphia and vicinity are greatly interested in the reliability run from this city to Cape May, to be held tomorrow under the auspices of the Quaker City Motor club. It will be run under sealed orders, the contestants being allowed to drive as fast or slow as they please.

Orders for the exact time that cars must reach the destination, Hotel Cape May, will be under proper seal, the owner or driver to carry said envelope with seal unbroken to the Hotel Cape May, where, after the finish of the contest, all of the contestants will be gathered together and the secretary of the Quaker City Motor club will open the official club envelopes in which will be the orders held by the contestants.

The car running nearest to the sealed time will win the Hotel Cape May cup, a \$500 silver trophy. The drivers of the first three cars are to receive gold medals and the manufacturers of these cars will receive official certificates of merit.

The timing and checking at both ends of the route will be done under the supervision of the contest committee of the Quaker City Motor club and Richard Sellers, chairman of this committee, will be referee.

LIST OF GOLFING EVENTS FOR THE YEAR 1908 ARRANGED BY SCHEDULE COMMITTEE.

## A MEETING YESTERDAY AFTERNOON

The Initiatory Tournament Will Be Held Saturday, May 2.—The Final Will Be Thanksgiving Tournament, Sept. 26.

The Sedalia Country club held a meeting late Thursday afternoon and arranged the following golfing events for the year 1908:

1. Initiatory tournament—Saturday, May 2. 18 holes, medal play. This is a new handicap tournament. The handicaps will be fixed by the committee, but not announced until after the tournament is played. The prizes will be a small cup to the winner.

2. Decoration day tournament—Saturday, May 30. 18 holes, medal play, handicap. Present holder of cup, W. H. Reynolds.

3. Scotch two-ball team tournament—18 holes, match play. (a) Qualifying round, Thursday, June 11. This will be a medal play. The highest number divisible by four playing in the qualifying round will qualify. (b) Final round, Thursday, June 18. The prize will be a golf ball to each member of the winning team.

4. Independence day tournament—Saturday, July 4. 18 holes, medal play, handicap. Present holder of cup, Wm. M. Carter.

5. Mixed doubles—Tuesday, July 7. Pairs and handicaps will be made and announced. The winners will each be given a small cup.

6. Ladies open championship—Week of July 20. 9 holes, match play. This tournament will be in charge of a committee of ladies consisting of Mrs. C. E. Yeater, Mrs. J. T. Montgomery and Miss May Hawkins. Present holder of cup, Mrs. J. E. Montgomery.

7. Approaching and putting contest—Friday, July 31. The prize will be a small cup to the winner.

8. Ladies' handicap tournament—Friday, August 7. 9 holes, medal play. The prize will be a small cup to the winner.

9. Driving contest—Wednesday, August 12. The prize will be a driver.

10. Labor day tournament—Directors cup—Monday, September 7. 18 holes, medal play, handicap. Present holder of cup, R. J. Gentry.

11. Open championship—Beginning with the second Saturday in May, the player handing in the card showing the lowest score, made in competition, any time between Saturday and Monday evening following, will qualify each week as a participant in the men's open championship tournament for 1908. This will continue each week, except weeks hereafter mentioned, until sixteen (16) players have qualified. (No qualifying scores can be made in the open championship the weeks wherein the following Saturdays occur: Saturday, May 30, and Saturday, July 4.)

After the sixteen have qualified the open championship will be played off as follows:

(a) First round, September 9, 10, 11 and 12; (b) second round, September 14, 15 and 16; (c) third round, September 17, 18 and 19; (d) finals, Saturday, September 26.

12. Thanksgiving tournament—18 holes, medal play, handicap. A small cup to the winner.

## THE VON DER AHE BENEFIT

It Netted the Old Veteran Something Like \$5,000.

The St. Louis Browns yesterday defeated the St. Louis Cardinals by a score of 5 to 1. Howell pitched for the Browns and Higginbotham and Raymond for the Cardinals. The game was a benefit for Chris Van der Ahe, the original owner of the Browns.

"The paid attendance at the gate was 7,565," said Lloyd Rickart, secretary of the Browns.

It is estimated that the aggregate receipts will be \$5,000. This will enable Chris to start in business again.

The veteran baseball magnate was not present at the game. He was feeling indisposed and remained at home.

## GN ELICH PETITION STARTED

Republicans Believe He Will Make Best Race for Governor.

Boonville, Mo., April 10.—A petition is being circulated in favor of Hon. J. F. Gmelich, the present state treasurer, for governor of the state of Missouri.

He is a native of Germany and came to the United States in 1852 and set-

tled in Boonville, where he has since resided. He was elected representative to the general assembly from this county in 1894 and was the republican candidate for state treasurer in 1896. He has also been a member of the board of curators of the state university.

In 1904 he was nominated for state treasurer by acclamation by the republican state convention, and was elected at the November election.

He has been elected eight times as mayor of this city, and it is the sentiment here that he is the strongest man the republicans can nominate. It has been his intention to retire to private life at the expiration of his term as state treasurer, and he only allows his name to be presented at the earnest solicitation of friends from all over the state, as his personal inclination is to rest upon the honors already attained.

## A NEW PRIMARY SYSTEM

IT WILL BE GIVEN FIRST REAL TEST IN PENNSYLVANIA TOMORROW.

## PARTIES NOMINATE CANDIDATES

The Democracy Will Battle Over the Question of Whether the Delegates Shall Go to Denver Uninstructed.

Harrisburg, Pa., April 10.—The first real test of Pennsylvania's new primary system will take place tomorrow, when the republican, democratic, socialist, prohibition and city parties will nominate candidates for congress, the state senate, house of representatives and judges through out the state.

Under the new primary election law of Pennsylvania district conventions are done away with, and the candidates from all parties will be selected at the primaries, at which, from present indications, more voters will participate than at any previous election.

In the same primaries there will be elected delegates and alternate

## Thousands Have Kidney

Trouble and Never Suspect It. Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

delegates to the national and state conventions of the various parties. The republican state convention will be held in this city on April 29, and the democratic state convention will open here on May 20.

The democracy will battle over the question of whether the national delegates will go to Denver uninstructed. The Bryan Democratic League of Pennsylvania has announced candidates for national and state delegates against the regular adherents.

## Sun's Heat.

Popularly speaking, the heat of the sun is such that the total annual output of all the earth's coal mines would serve to keep up the solar radiation for only one-fourth-millionth part of a second. If the earth was a solid mass of coal and could be supplied to the solar furnace it would last just 35 hours. The same difficulty attends the attempt to mentally realize the amount of the solar heat that is appropriated by our planet. Science has demonstrated that the amount of the sun's heat caught by the earth is only the 2,250-millionth part. In other words, the heat of the sun is sufficient to warm up 2,250,000,000 worlds the size of the one we are living in.—New York American.

## A FIGHT FOR BAY STATE

REPUBLICAN CONVENTION IS CALLED TO ORDER IN TREMONT TEMPLE.

## POSTMASTER GENERAL IN CHAIR

Lodge, Crane and Bates Will Be Three of the "Big Four," But Fight for the Fourth Place Will Be Lively.

Boston, April 10.—With Postmaster General George von L. Meyer presiding as chairman, the Massachusetts republican state convention was called to order in Tremont Temple at 10:30 this morning.

After the transaction of preliminary business, the convention adjourned until this afternoon, when four delegates at large to the national convention will be elected.

Lodge, Crane and Bates are almost sure of places among the "big four," but a lively fight is expected in the selection of the fourth delegate. The choice for the latter lies between former Secretary of the Navy John D. Long and Colonel Sydney O. Begney, the Taft candidate.

Congressional district conventions will be held next week in many Massachusetts districts. In nearly all districts the principal issue between the candidates for delegates is the support of Taft.

Adherents of the war secretary declare that they will secure at least 18 of the thirty-two delegates from this state. This is denied by the anti-Taft men, who say that not more than nine or ten delegates from this state will vote for Taft.

## EARLE AND "SOUL SISTER"

Hurry From Pier to Train to Claim \$50,000 Legacy.

New York, April 10.—Ferdinand Pinney Earle and his "soul sister"

who, prior to their marriage two weeks ago in Italy, was Miss Julia Kuttner, arrived yesterday on the steamship Frederick der Grosse.

They were met at the pier by the artist's mother, Mrs. Lillie G. Earle, and the "soul sister's" brother. Earle said he wished to get away as quickly as possible to catch a train for Monroe.

Earle, whose long lark beard was such a conspicuous part of his make-up when he left here for Europe, presented an altogether different appearance when he landed yesterday. The beard was gone, his long hair cut and his mustache closely trimmed.

Dispatches which reached this city yesterday announced that Mrs. Ferdinand Pinney Earle and her husband were divorced by the French courts. Earle's former wife is in Europe with her parents.

A grandmother died and left him \$50,000 which he has come here to claim. Since the artist left his rubble stone mansion in Monroe, burglars looted it of valuables worth several thousand dollars.

## Strange Symptoms

Those symptoms, that you do not understand, are very likely due, if you are a woman, to womanly disease. Frequently female disorder is so insidious, that no local pain is experienced, but just a feeling of misery, all-over, and a general nervous, irritable, depression, that has driven many a sufferer to the brink of desperation.

In such cases, Wine of Cardui can be depended on to bring relief and renewed interest in life. Being a strengthening, building, female tonic, it renews the vital forces, invigorates the womanly organs and puts

strength where women most need it.

"I do not know," writes Mrs. Martha Wilson, "that I can command words, to tell you how grateful I am to Cardui, for giving me back my health again.

"I was troubled with prolapse for 3 or 4 years; unable, a great deal of the time, to do my work.

"After taking one bottle of Cardui, I was able to do my work." Sold everywhere.

## DIVINE SCORES "SOCIETY"

What "Society" Thinks of Him Is Now in Order.

St. Louis, Mo., April 10.—Evangelist W. R. Newell played "Society" butterflies in his address yesterday afternoon.

"Society is a fabric of lies," he said. "What did the society woman do yesterday? Played bridge. What good came of that? None. Is what she does any use to humanity? None in the world.

"Where is she going for the summer? To the seaside, where she will be of no use at all. She will take her breakfast in bed in the mornings, and

eat food that some people might eat and be of use in the world.

"A society woman or a society man is of no use at all in the world, is an absolute nuisance. I would rather be a yellow dog. So far as I know a yellow dog fills the end for which he was created."

Women almost filled the church. They showed a keen interest in the service, offering many short prayers and testimonials.

### HAD SHORTENED UP HIS NAME.

Case Where Some Abbreviations Might Be Pardoned.

The names bestowed upon some of the small southern darkies remind one of those of the old Roundhead days—Hope-Above-Williams, Have-Faith-to-Be-Saved-John Mitchell, and so on. Not long ago a visitor in Richmond was having his shoes polished by a little coal-black specimen about 18 inches in height, but possessed of gleaming white teeth and rolling eyes.

"What is your name?" the visitor asked. "Gen, sah," was the reply, accompanied by a grin of startling proportions.

"Gen?" I suppose that is an abbreviation of general?" the visitor, who had some idea of the fondness of negroes for titles, inquired.

"No, sah, don't know as 'tis," was the reply, "abbreviations" evidently being too much for him. "Mah sho' nough name am 'Genesis-XXX-33-So-Shall-My-Righteousness-Answer-for-Me-In-Time-to-Come-Washington Carter,' an' day des calls me 'Gen' for short!"—The Bohemian.

## AN INSULT TO ROYALTY

USING OF POSTAGE STAMP UP. SIDE DOWN PUNISHABLE IN ENGLAND.

## LESE MAJESTE IN GREAT BRITAIN

To Strike the King, No Matter How Trifling the Blow, Might Render the Assailant Liable to Death Penalty.

Many people blissfully imagine that lese majeste—that is, insulting royalty—is a crime peculiar to foreign countries and unknown in free and happy Britain. That, however, is where they make a mistake.

There are all sorts of pains and penalties on the statute book relative to peculiar British forms of lese majeste. Many of them have fallen into oblivion or abeyance owing to one cause or another, but they could still be enforced if those in high places claimed all they are strictly entitled to do, says Pearson's Weekly.

It is, for instance, technically a punishable offense to stick a penny stamp on a letter upside down. Doing so is to insult the king through his effigy, and a few centuries ago—supposing penny stamps to have been then invented—might easily have landed the offender in prison on a charge of seeking to bring ridicule on the sovereign, or to express contempt for his authority by causing his picture to stand on its head.

Also it is a punishable offense to deface a coin of the realm bearing the royal image and then deliberately put it into circulation again.

Any private individual who audaciously hoisted the royal standard over his dwelling would get into serious trouble. He would be peremptorily ordered to take it down and abjectly apologize, and if he escaped a heavy fine he would have to thank his majesty's forbearance for his 'good luck.' The royal standard is the emblem of the king's regal authority, to be displayed only where he is personally present, and for a subject to hoist it is nominally equivalent to high treason. The union jack, as the flag of the nation, is a different thing altogether, and can be displayed by anybody.

It is popularly supposed in this country that a man can get up and say whatever he likes about the sovereign with impunity. This is true only within strictly defined limits. A socialist orator can publicly denounce the theoretical evils of monarchical institutions and announce a decided preference for a republic, and nobody can touch him.

But if he began to speak insultingly or slightly of the king personally he would be at once "run in" or at least effectually suppressed by the nearest policeman.

To strike the king would, according to the strict letter of the law, render the assailant liable to the death penalty, no matter how trifling the blow was in reality.

Lieutenant Pape, who is usually reckoned among those who attempted the life of the late Queen Victoria, could not have actually contemplated murder. He had no lethal weapon in his possession at the time of the outrage, but he struck her majesty across the face with his riding stick. This was sufficient to bring him within the shadow of the scaffold. He was condemned to death and would have been hanged had his sentence not been commuted.

It is lese majeste to bring the king's uniform into contempt. Members of theatrical companies who have appeared on the stage as comic characters, attired in discarded military or naval uniforms have occasionally been unpleasantly reminded of this fact. Careful stage managers put themselves on the safe side by seeing that no uniform, whether to be worn by the hero, villain or low comedian of the piece, is an exact copy of the real uniform of any branch of his majesty's force.

Husbands who supply their wives with "Pride of Perry" flour expect elegant and delicious bread and they are never disappointed.

Salt Lake City, Utah, April 10.—The jewelry store of Boyd Park, at 170 South Main street, was robbed by two women Saturday afternoon of a tray of diamonds and other precious stones valued at \$6,000. News of the robbery was made public yesterday.

The robbery was committed while the store was full of customers, advantage being taken of the moment when the clerk who was waiting on the women had turned his back.

It is believed the women are members of a gang on their way to San Francisco, there to await the coming of the crowds expected to visit the coast during the visit of the battle ships.

## ALABAMA DRY LAW IS VALID

Supreme Court Also Upholds Local Option and Closing.

Montgomery, Ala., April 10.—The Alabama supreme court yesterday held both the general prohibition and the 9 o'clock closing laws to be constitutional and effective. Attacks had been made on both by the liquor forces of the state.

The two laws were argued together and the decision is taken by both sides to settle the questions. Mobile interests have fought the two provisions from the first, holding that both will be ruin to a coast city such as it is.

In upholding the general prohibition act the court also gives validity to the local option law involved in the cases.

### SOLICITOUS IN THE EXTREME.

Scotch Barrister's Remarkable Case for Friends' Safety.

A wet and witty Scotch barrister one Saturday encountered an equally bacchanalian judicial friend in the course of a walk to Leith. Remembering that he had a good leg of mutton roasting for dinner, he invited his friend to accompany him home, and they accordingly dined together. After dinner was over, wine and cards commenced; and as the two friends were alike fond of each of these recreations, neither ever thought of reminding the other of the advance of time till the next day, as it happened, about a quarter before 11 o'clock. The judge then rising to depart, the host walked behind him to the butler door, with a candle in each hand, by way of showing him out. "Tak' care, my lord, tak' care," cried the kind host, most anxiously holding the candles out of the door into the sunny street, along which the people were pouring to church, "tak' care; there's tea steps."

## What Stove for Summer?

Nothing adds to kitchen convenience in summer weather like a New Perfection Wick Blue Flame Oil Cook-Stove. Anything that any stove can do the "New Perfection" will do, and do it better. Bakes, roasts, boils, toasts; heats the wash water and the sad irons, and does it without dissipating its heat through the room to your discomfort. The

## CATHOLICS WILL MEET

ORGANIZE NATIONAL LEAGUE OF SOCIETIES OF AMERICAN UNIVERSITIES.

IT OPENED AT PURDUE UNIVERSITY

Great Benefit to Be Gained From an Interchange of Ideas—Some of the Things it is Hoped to Accomplish.

Lafayette, Ind., April 10.—A national league of the Catholics societies of American universities and colleges will be organized as the result of a convention opened today at Purdue university.

Institutions from the Atlantic to the Pacific are represented by delegates, including Harvard and other big eastern universities.

Nearly all important colleges have local societies of Catholic students, and by organizing on a national scale the work of bodies of this nature will be centralized and rendered more effective.

The leaders state that there is no combative purpose in their uniting, but rather they recognize the importance of the social movement now being experienced in this country and that by uniting they are merely identifying themselves with the spirit of the times.

Then, too, there is the great advantage to be gained from an interchange of ideas and a comparison of methods in vogue at the various institutions for holding the students of this creed together.

Other results are also expected and one of the motives has not been brought into the foreground as yet is the formation of a sort of national lecture bureau where the best Catholic speakers of the land may be secured to give talks upon various subjects of interest to Catholic students and people generally.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

## NEW YORK REPUBLICANS

ARE DRIFTING INTO METROPOLIS FOR THEIR STATE CONVENTION.

BE CALLED TO ORDER TOMORROW

The Empire State is for Gov. Hughes, and Nothing Will Be Left Undone to Bring About His Nomination in Chicago.

New York, April 10.—Delegates from up-state are beginning to drift into the metropolis today in advance of tomorrow's republican state convention, which will doubtless be one of the most important gatherings in the history of the party in the Empire state.

The action of the convention, in the opinion of astute politicians, will go far toward determining how New York's vote will be cast in the coming presidential election, and, in consequence, whether the country will have a republican or democratic president.

New York republican leaders admit there is little likelihood of such a walk-over for the party as that of four years ago. In declaring for Hughes as the standard bearer, New York republicans believe they can go before the national convention and assert: "Nominate our candidate and we will guarantee his election."

It is this spirit that animates the delegates to tomorrow's convention, and it is now settled beyond doubt that New York's delegation will present a united front at Chicago in behalf of Governor Hughes.

General Stewart L. Woodford, President Jacob Gould Schurman, of Cornell; ex-Mayor Seth Low and ex-Governor Frank S. Black will probably constitute the "big four" that will lead New York's delegation to Chicago.

Governor Hughes by common consent has been accorded the privilege of naming the "big four." None of the politicians have attempted to hamper him. State Chairman Woodruff and County Chairman Parsons have side stepped responsibility, because should they select the delegates they would be bound to fight hard for Hughes all the time. Whereas, if the governor himself appoints the delegates he can have only himself to blame in case of a break.

The governor wants men of the type of Low, Schurman and Woodford to represent him, instead of practical politicians. The appearance of ex-Governor Black on the slate is attributed to the influence of men behind the Hughes State league.

George W. Aldridge and ex-Senator Brackett, chief officers of the league, are expected to help Black, as will the Odell forces. If Black should be left off it is likely that Brackett will be put on. If Black goes from the slate at large it is expected that Brackett will be one of the delegates from his congressional district.

How Cough Germs Multiply.

### A Startling Truth.

Prof. Albert Bushnell Hart, professor of American history at Harvard, is a man whose hobbies run alongside of his work. Lately he acquired a desire for statistics and began seeking them with his accustomed energy. He was very much impressed with the mortality figures, and meeting his colleague, Prof. Grandgent, in the yard, addressed him mournfully: "I've been looking up mortality statistics, Grandgent, and what do you think? A man dies every time I breathe!"—Lippincott's.

### An Easy Way Out of Trouble.

"We simply can't go on as we have been going," he declared. "We are spending more than I'm making. You surely must be able to understand that such a state of affairs can't last long."

"Then, dear," she soothingly replied, "why don't you make more?"

### The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, C. C. Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y., for a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the agent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

## HADLEY IS RECEPTIVE YET

Senator Warner Declares Refusal Is Not Final.

St. Louis, Mo., April 10.—United States Senator William Warner said yesterday that Attorney General Herbert S. Hadley probably would make a final statement in a few days as to whether he will accept the republican nomination for governor.

Senator Warner made this announcement following an all afternoon conference at the Southern hotel with a number of local politicians. It is taken to mean that new pressure is to be brought on Attorney General Hadley to allow his name to be used in the coming campaign.

Senator Warner declares he has no second choice for governor. It is Hadley first and always with him, he said.

## "A BIG RELAY CARNIVAL"

FIRST EVER HAD ON THE PACIFIC COAST TO BE HELD TOMORROW.

FEATURES OF A GREAT FIELD DAY

It Will Be Under the Auspices of the University of California—The "Big C" Society is to Manage Event.

Berkeley, Cal., April 10.—Under the auspices of the University of California, the first big relay carnival ever conducted on the Pacific coast will be held here tomorrow and is attracting athletes from all parts of the coast region.

College athletes, club runners, grammar school aspirants and novices not affiliated with any organization will take part in the different relays scheduled for the carnival. In the special events, the highest class competition is assured, owing to invitations having been sent to the best runners on the coast and some almost entirely new material will appear, and the events have been so arranged as to be novel as well as spectacular.

The mile invitation is one of the five invitation events, the others being the shotput, pole vault, high jump and hundred-yard dash.

The relays, which compose the best feature of the big field-day, the Pacific coast relay carnival, will also be divided into five events as follows: Grammar school relay, for teams of six boys, 100 yards each. A banner will be given the winning team.

Dual relay races between high schools challenging each other, to be run off according to the wish of the contestants as to distance, etc.

High school championship of one mile, for teams of five men, each to run 352 yards.

Club championship of similar nature and open to all clubs of two months' standing.

College championship, with the same conditions as in the foregoing, up to be awarded in the cases of the various championships.

In addition there will be a special novice race, open to any amateur on the Pacific coast who has never won a first prize in any running race.

The relay carnival will be held under the auspices of the University of California on the varsity cinder path and will begin at 10 o'clock tomorrow morning. The arrangements, directions, and management of the affair have been placed in the hands of the "Big C" Society of the University. The fraternities and house clubs at the university are making elaborate preparations and are looking forward with considerable pleasure to the entertainment of the visiting athletes.

## STONE NOT OUT FOR DELEGATE

Senator Does Not Wish to Go to Denver From State.

Columbia, Mo., April 10.—United States Senator Stone, of Missouri, will not be a candidate for delegate at large from Missouri to the Democratic national convention. In a letter written by Senator Stone to William Hirth, editor of the Columbia Statesman, the senator says:

"I observe that numerous papers throughout the state are mentioning me as one of the delegates at large to the Denver convention, and several county delegations have been instructed to vote for me as such delegate. I desire to say that I am not and will not be a candidate for delegate, and do not wish to be considered. I think it reasonably certain that Mr. Bryan will be nominated at Denver."
